### Claims handling

In the event of a claim, our London based Solicitors' Claims Handling Team will assist you throughout the notification process, working with insurers and panel solicitors towards a swift and successful outcome for your firm. We will monitor trends in your practice and make suggestions to help you minimise risk in the future.

### Risk management

We recognise the increasing importance of risk management within a law firm. Our team of Lexcel accredited risk management consultants will work with you to form a tailored risk management solution. We are available throughout the term of your policy to offer expertise and advice and provide a quarterly risk management magazine to keep you up to date.
